A Printed Letterhead

Adds distinction or "class" to your correspondence. It isn't only the business firm or professional man who now raises his correspondence above the mediocre through aid of the printer's art. Just your name and address in neat lettering at top or corner of the sheet will add an individual touch that at once raises your letter above the dead level of "ordinary". The additional cost per letter is trifling. But of course much depends on the printing.

St. Anthony's Win In First Winter Game

Score 7 to 6 Against Waikapu.—Chinese and Asahis Play a Tie.—Schedule of Season.

The Winter League opened its season last Sunday by putting on the diamond four evenly matched teams which put up two well contested games.

The first game was called by Official Empire Geo. H. Cummings, and the St. Anthony's and Waikapu answered his call of "play ball." The Waikapu were first to bat and they failed to connect with Keehu's delivery in their first inning. The St. Anthony's scored one run in their first inning and were then held down by their opponents until the middle of the game.

At this time the Waikapu managed to put across the diamond five runs which made Keehu waver a little, thus giving them four runs to the good. But this did not dishearten the St. Anthony's boys who came right back and evened up the score by crossing the plate four times.

At this stage of the game excitement ran high and there was no sign put forth by each team as to who will win the game until the 7th, when the school boys scored one run. But the Waikapu evened up this lead on the 8th by a home run made by Catcher J. Rodriguez.

The St. Anthony's again scored one more in their 8th inning when a three bagger was made by H. Paoa, when one man was on first, thus giving them the lead by one run. The Waikapu tried to tie the score in their 9th, but their three batters were retired by "Blackie" Keehu, thus losing the game to the St. Anthony's by the score of 7 to 6.

Second Game.
The second game was started by the C. A. C. and Asahis.

At the beginning of this game the Asahis showed strength and put it all over the Chinese by scoring 7 runs in the first four innings, while the Chinese were blanked all this time, and it looked like an easy victory for Japanese.

But the weather at this stage of the game interfered and allowed the Chinese to even up the score, as the ball was very slippery and could not be handled well.

At the end of the 9th, the score stood 9 to 9 and Empire Cummings called the game off on account of darkness.

Next Sunday the boys will put up some more crack games and the following will face each other:

First game 1 p. m., St. Anthony's vs. Asahis.

Second game 3 p. m., Waikapu vs. C. A. C.

Maui Winter Baseball League, Schedule of the First Series.

Oct. 31, St. Anthony vs Waikapu. C. A. C. vs Asahi.

Nov. 7, Asahi vs St. Anthony. C. A. C. vs Waikapu.

Nov. 14, Waikapu vs Asahi. C. A. C. vs St. Anthony.

Nov. 21, C. A. C. vs Asahi. Waikapu vs St. Anthony.

Nov. 28, C. A. C. vs Waikapu. Asahi vs St. Anthony.

Dec. 28, C. A. C. vs St. Anthony. Waikapu vs Asahi.

By Authority.

NOTICE.

A public meeting will be held by the Public Utilities Commission of Hawaii in the office of the Superintendent of Public Works, Capitol Building, Honolulu, on Tuesday, Nov. 11, 1915, at 7:30 P. M., to consider a proposed change of rates by the Maui Telephone Company.

37-1t.

IN THE DISTRICT COURT OF WAILUKU, COUNTY OF MAUI, TERRITORY OF HAWAII.

J. H. KUNAWA, Assessor and Collector of Taxes in and for the Second Taxation Division of the Territory of Hawaii, Plaintiff, vs. ELLEN K. MILLER, (non-resident), Defendant.

ORDER OF PUBLICATION OF SUMMONS.

The above named Plaintiff having brought an action in this Court for the recovery of Fourteen & 28-100 (\$14.28) Dollars for taxes assessed against the above named Defendant upon property in the District of Wailuku, Second Taxation Division of the Territory of Hawaii, and the said Defendant being a non-resident of the Taxation division aforesaid,

IT IS HEREBY ORDERED that all parties in interest in said matter shall appear before me at my Court Room in Wailuku, County of Maui, Territory of Hawaii, aforesaid, upon the 27th day of November, 1915, at 10 o'clock A. M. of said day, and defend the foregoing action, and upon failure to appear and defend as aforesaid, judgment will be entered and execution issued and levied upon the property for which the tax was assessed or upon any property of such Defendant as may be found.

Dated Wailuku, Maui, October 23, 1915.

W. A. M'KAY,
District Magistrate of Wailuku, County of Maui, Territory of Hawaii.
Nov. 6, 13, 20.

NOTICE.

Notice is hereby given that, my wife, Mrs. M. B. Medeiros, having left my bed and board, without just cause, I will not be responsible for any debts incurred by her in my name, without my written consent.

Dated at Puenene, Maui, T. H., this first day of October, 1915.
M. B. MEDEIROS.
Nov. 5, 12, 19, 26.

CORRESPONDENCE.

"A RESOLUTION TO FILIPINO PROBLEM."

Editor, Maui News:—After reading the "Maui News" dated Oct. 29th about the "Filipino Problem," I, with some of my countrymen were struck to a shameful feeling, because of this statement—"this primitive class of people counts for nothing now"—which meant the Filipinos here in Hawaii taken as a whole. Therefore, I, though, having no face to resolve the problem am venturing to explain that according to that statement, the said problem has classified us, as a nation compared to dogs of the same color; are chased and put to death. Of course, in all the dogs of the world there some out of every class which are so selfish, but we are dead by your judgement.

Let me tell the readers that the writer of the "Filipino Problem" was mistaken to announce such statements, picking up the whole race as evil doers, for he inflicts a big cut to every heart of the Filipinos who are living humbly.

I do not mean to say that Filipinos are all O. K. for it has been known that some of the criminal doers had been found in my race; but there are some criminal occurrences happened in various places in these islands and the name Filipino had always the first been suspected though guiltless. Proof. One month ago a "Robbery" acts occurred in Camp II, Puenene. A Japanese Barber having lost his \$14.00 in his shop, suspected that the robbers were Filipinos, and in the last moment when the case was tried the suspected Filipinos were found "innocent." Last year also, a murderous crime happened in Maalaea, Maui, upon the killing of the old-Chinese peddler, by which the murderers were not known until now. When that tragedy occurred the name Filipino was murmured to be the actor of the crime. Investigation had been carefully searched by the Judicial Authority among the Filipinos of Waikapu and Maalaea, etc., yet, no shadow of blood was found among them. "Oh! How poor were the guiltless Filipinos who had suffered the jail for days and nights caused by suspicion or by false demand. The prejudiced Filipinos could never make a complaint against suspects for the Hawaiian Law doesn't punish the false complainers. I am kindly giving these lines to the wise attention of any Executive-Law of this oppression against my people. I do not mean that Filipinos should be neglected by the Judicial Authority of their criminal deeds but I pray them to investigate clearly the accused one before putting them in jail or in trouble.

I also suggest to the writer of the "Filipino Problem" that before announcing your lines, may think twice, because some of your statements in this illustrated newspaper (Maui News) did not have any fundamental reason. You also are trying to predict vain thought for the future of Maui Filipinos. It has been determined that Maui will have more share concerning the Filipino deprecation, but nobody can reckon the future fortune of any one unless he is a recognized "prophet."

Sometimes, in some cases Filipinos are oppressed, and it is why that too many burnings are always found among our people; because the oppressors are bringing fire to some of us who are already living in fire, so that, if two or more sticks of fire kindles to each other, then, the fire begins to blaze higher and makes a good burning.

Nothing else can I say, if Filipinos are people of fire—a nation that are wrong doers such as criminal—etc., which are seldom done by other nation as what others supposed, let the water from every "Puna Way" be opened to stop the fire. Let the work of true christianity be extended through out the islands. But, who are going to the work? "Oh! Lovers are not called, because they are not real fish nor will they succeed, for they go backward; therefore nothing be in progress. Now, men like Peter and Paul are needed in the cattle, for if great is the war in Europe but still greater is the war for Jesus.

When you see a nation, perishing in these islands, then, it is your duty to plunge them in the Stream of Life, the blood of Jesus which cleanses whiter than snow.

Linger not if you are called, but come and help us for the salvation of souls; lest their blood be found in your garments in the judgement day.

The Hawaiian Sugar Planters are not to be blamed of bringing Filipinos here because they know that these people are not all uncivilized, nor all of them idlers; but there are many who have reached civilized and there are also who have always busy hands for toiling the soil.

PEDRO M. ESQUERAS,
Under consent of "Filipino Benevolent Society."

WEEKLY MARKET LETTER.

Oahu Poultrymen Form Association

Fix Standards of Eggs and Rules for Marketing.—To Demand a Premium Over Other Island Product.

November 1, 1915.

Island eggs are scarcer than ever and the demand great.

At a meeting of Oahu Poultrymen held today at the Marketing Division and attended by most of the citizen poultry and egg producers of Oahu, it was decided that hereafter three different grades of eggs are to be quoted as follows: Select Oahu eggs not to weight less than 24 oz. to the dozen, to be clean and not over 48 hours old; each producer to stamp his eggs with his name or mark and to stand responsible for them. Eggs received from the other Islands and eggs that are more than 48 hours old are to be classed as No. 1 Island eggs, unless they have some defect that would throw them into the lower grade, known as the second grade. In the second grade will be put all small, dirty eggs and all eggs that are not fresh enough for table purposes. The price of select Oahu eggs will be 5 cents higher than the price for No. 1 Island eggs and the price of 2d grade eggs will be 5 cents or more lower than the price of No. 1 eggs. This arrangement will give the man who produces strictly fresh eggs the returns which he should receive and automatically punish the man who sends an inferior grade to the market. Customers will have the choice of three grades when buying and can expect to get what they pay for. The retail price will be 10 cents higher per dozen in each case than the wholesale price and when the buyer sees the price of select Oahu eggs quoted at 65 cents a dozen wholesale he can expect the retail price to be 75 cents. Buyers to protect themselves should insist that the producers name or mark be stamped on all eggs. When buying select Oahu eggs the customer can expect to get eggs that are not more than 48 hours old. When buying No. 1 Island eggs he can expect to get eggs that are not more than 10 days old and when buying 2d class eggs he can expect to get small eggs and eggs that are not as fresh as they should be for table purposes. In other words cooking eggs. This class, however, will not include eggs that cannot be used for cooking. Hereafter it will be necessary for all egg producers to be very careful about grading eggs sent to the Marketing Division, in fact it will be greatly to their advantage to do this under the new system of grading eggs. There will be another meeting of the Oahu Poultrymen held Friday, November 12th, at 2 p. m. and it is hoped that all those interested, not at the meeting today will be on hand.

Poultrymen report that they are not able to supply the demand for select eggs at 75 cents a dozen.

There is a good demand for fat young poultry and a good many orders have been refused because the Division has had so few on hand. There has already been several requests for information regarding the turkey crop. It looks as if there might be a shortage this year and it is not likely that the price will be as low as last season. The production of Muscovy ducks seems to be increasing faster than the consumption. More people should learn to use this fine eating bird and do away with the using of the mud duck. The Division has now a large supply on hand which it is selling at 25 cents a pound live weight, in order to introduce them into Honolulu homes.

The big drop in the price of small yellow corn on the mainland has caused the price of Island corn to drop considerably. The best grade of small yellow corn is quoted in the San Francisco market at \$33.00 a ton and can be landed here for \$36.50. In consideration of the fact that the California corn is much drier and free from weevils, it looks as, though the home producer will have to accept a lower price than has been asked for corn up to this time.

The local dealers say that the Chinese poultrymen who use most of the corn object to Island corn because it is generally too large to feed to poultry whole.

The dressed beef market is still low but a considerable quantity of beef is being sold around town by the carcass direct to consumers. Shortly the Division will have dressed pork for sale by the carcass as well as dressed beef.
